## 7. Presentations

## 8. Motions

### 8.1 Waste Management at City Facilities

*Mayor Sendzik will present the following motion:*

WHEREAS Niagara has achieved a residential waste diversion rate of 57% and set a target of 65% of blue box recycling diversion by 2020, to increase the diversion of blue / grey box materials from the landfill; and

WHEREAS a 2017 waste audit at City Hall determined a waste diversion rate of 53% and that there is no organics recycling program at City Hall and an ad hoc approach to waste management across city facilities; and

WHEREAS Council has identified corporate waste reduction as a goal for environmental sustainability in the strategic plan;

THEREFORE BE IT RESOLVED that Council provides direction for staff to prepare a report and plan for a corporate waste reduction strategy including best practices for municipal waste diversion at city facilities, parks, beaches, public spaces and events at city facilities, including an implementation strategy and budget for 2020.

### 8.2 Banning Animal Circuses

*Councillor Porter will present the following motion:*

WHEREAS St. Catharines is a compassionate city and compassion should extend to both humans and animals; and

WHEREAS animal circuses treat animals as a means to achieve a human end and fail to treat animals with the respect they deserve; and

WHEREAS the welfare issues affecting many circus and performing animals are extensively documented and numerous;

THEREFORE BE IT RESOLVED that the City of St. Catharines adopt a policy prohibiting performances or circuses in which an animal is required to perform for the amusement or entertainment of an audience in any municipally-owned facility or on municipally-owned property; and

BE IT FURTHER RESOLVED that this policy be included in any lease agreements of all municipally-operated facilities.

8.3 Improving Coordination of Road Work

*Councillor Garcia will present the following motion:*

WHEREAS there is currently ongoing road construction work by all three levels of government throughout the City and Councillors are receiving complaints from residents who feel traffic is a mess and could be improved;

THEREFORE BE IT RESOLVED that staff be directed to request the Province and Region to coordinate and review all road work within the city limits with staff so projects can be scheduled so as to allow better traffic flow during the construction season.

## Recommendation

That the Budget Standing Committee approve the 2020 Schedule of Rates and Fees; and forward the same to Council on May 27, 2019 for consideration after the public meeting on June 24, 2019, for which notice will be duly given.

## Background

User fees are charged by the City of St. Catharines for purchases of publicly provided goods and services. The rationale for charging fees is that those who distinctly benefit from a good or service should be the ones to pay for it. The legislation primarily governing user fees is Section 391 of the Municipal Act. The Municipal Act requires municipalities to keep a master list of their user fees (Schedule of Rates and Fees) and outlines policy and procedure considerations for establishing, reviewing and implementing user fees.

In October 2005, City Council delegated the review of the Schedule of Rates and Fees to the Ad Hoc Budget Committee. In May 2011, Council approved that Rates and Fees be presented for consideration and approval of Council prior to January 1 of each year. In January 2015, the Budget Standing Committee approved Mayor Sendzik's motion to expand the information provided to include:

- An executive summary of Rates and Fees changes
- Revenue implications
- Comparisons with similar municipalities

In September 2016, the Budget Standing Committee approved that future increases would be set at a minimum of the core rate of inflation.

## Report

This report presents proposed changes to the Schedule of Rates and Fees for 2020. Staff review rates and fees annually and adjust fees based on the City's cost to deliver services, local market conditions, comparator municipal information and user demand.

Details to the changes in rates and fees are provided in the attached appendices.

**Appendix Summary**

<b>Appendix</b>	<b>Topic</b>
Appendix 1	A list of new fees proposed for 2020 and the impact on revenue by department.
Appendix 2	A list of existing fee changes greater than \$0.05 and outside the parameters of core inflation.
Appendix 3	A list of fees to be removed / replaced in 2020.
Appendix 4	A list of existing fee changes and the impact on revenue.
Appendix 5	A list of new fees and fee changes greater than \$0.05 and more than 10% and how they measure to our comparable municipalities.
Appendix 6	The Schedule of Rates and Fees except for the Victoria Lawn Cemetery and new fees (added once approved).
Appendix 7	The Schedule of Rates and Fees for the Victoria Lawn Cemetery.

For 2020, the City of St. Catharines has 1,098 user fees. These fees consist of 12 new fees proposed for 2020. These new fees are mainly for licensing alcohol and early-stage planning and development fees. New fees may also be created from reviewing fees charged by comparator municipalities. When a comparator Municipality is charging a fee for a similar good or service and the City is not charging a fee, a new fee is created. New fees may also be created to recover the cost of new equipment or technology provided to the public.

Appendix Two provides a list of fee changes that are greater than \$0.05 and outside the range of core inflation. The core inflation rate used for the 2020 Schedule of Rates and Fees is 1.9%. The majority (55%) of rates and fees have changed by the core rate of inflation or less. The percentage of rates and fees that have increased by two to five percent is 37%. Approximately 8% of the 2020 rates and fees have increased by greater than 5%.

Staff anticipates inflation will be approximately 2% in 2020 based on reviews of the Bank of Canada's core inflation measures and the Bank's continued commitment to monetary policy aimed at keeping inflation at 2% within a control range of 1 to 3% until the end of 2021.

Fees may increase by more than inflation if the fee has not been increased for a number of years, or the cost of providing the good or service is not being recovered. In addition, a fee may exceed core inflation if the average of our comparator municipalities is significantly higher than the fee currently charged by the City. Details of how the City's existing fee changes measure to our comparator municipalities can be found in Appendix Five.

For 2020, there are 23 fees being removed from the 2019 Schedule of Rates and Fees, mostly due to a change in adult entertainment enforcement responsibility between the City and the Regional Municipality of Niagara and declining demand for services.

In addition to new and removed fees, the number of fees in the Schedule of Rates and Fees may change due to a change in a bylaw or reorganization of the City's reporting structure. For 2020, 27 existing fees associated with parking are being transferred into the Schedule of Rates and Fees to facilitate the process of updating future changes and 309 existing fees are being transferred out because the FirstOntario Performing Arts Centre has become a Municipal Services Board. Fee changes for the FirstOntario Performing Arts Centre will be the responsibility of its board. This is similar to the St. Catharines Public Library and St. Catharines Transit Commission.

A complete list of the fees being recommended by staff for 2020 is included in appendices one, six and seven.

**Table 2: Fee Tally for 2020**

<b>Category</b>	<b>Number</b>
Total Number of Fees in 2019	1,391
Total Number of Fees to be Removed for 2020	(23)
Total Number of Performing Art Centre Fees to be Removed for 2020	(309)
Total Number of Active Fees (excluding New Fees for 2020)	1,059
Total Number of New Fees for 2020	12
Total Number of Parking Related Fees added for 2020	27
Total Number of Proposed Fees for 2020	1,098

By adopting all of the fee changes above, staff estimates user fee revenue should increase by \$447,479. This estimate was obtained for most fees by multiplying the change in the fee (proposed 2020 before tax fee – 2019 before tax fee) by the forecasted quantities sold. For parking related fees, the elasticity of demand for parking was used to adjust quantities sold.

**Table 3: Estimated Revenue for 2020**

<b>Category</b>	<b>Amount</b>
Estimated Revenue Increase from Increases to Existing Fees	\$144,512
Estimated Revenue Increase from Parking Meters	\$60,000
Estimated Revenue Increase from Off Street Parking	\$40,000
Estimated Revenue Increase from Parking Garages	\$89,000
Estimated Revenue Increase from New Fees	\$113,967
Total Estimated Revenue Increase	\$447,479

Details regarding the forecasted revenue from new fees are included in Appendix One and revenue forecasted for existing fees is in Appendix Four.

## **Transportation and Environmental Services**

For 2020, Transportation and Environmental Services (TES) is not proposing the creation of any new fees but is proposing the elimination of two fees. The fees are the Water Meter Pit - Supply Only - All Sizes and Water Meter Pit - Supply and Install - All Sizes. Both fees are being eliminated due to declining demand for the service.

For the remainder of the fees in TES, the 1.9% core inflation increase is being applied to all existing fees except for 13 fees. The fees which are increasing above inflation are mostly associated with water service repair, replacement and upgrades. The fees are increasing to offset the rising cost of materials, supplies and labour.

## **Parks, Recreation and Culture Services**

For 2020, Parks, Recreation and Culture Services (PRCS) is proposing the creation of three new fees, which include Cultural Services - Workshop fee, Workshop - Family History and Genealogy fee, and an annual Adult swimming pass. The impact of the new fees is expected to generate approximately \$7,868 in additional revenue.

PRCS is also recommending all but six existing fees increase by approximately 1.9%, the core rate of inflation. Fees differing from the core rate of inflation include the Lakeside Park Carousel Ride, Loonie Swim, Pond Hockey (play card – 12 visits), Day at the Museum (half day), Day at the Museum (full day) and Curated Exhibit Program. The Lakeside Park Carousel Ride is remaining at five cents to meet the conditions of the donation to the City. Loonie Swim is remaining at one dollar for marketing and cash management reasons. Pond Hockey (play card – 12 visits) is decreasing 23% to ensure we remain competitive in the local market and ensure the card pricing system is consistent with Shinny Hockey and other similar activities. The Curated Exhibit Program fee is changing from \$50 to job specific costing to more accurately reflect the varying nature of user group costs. Half Day and Full Day at the Museum fees are increasing 50 cents each to maximize revenue.

Based on the information available, existing fee revenue should increase by approximately \$63,839 in 2020 from the inflationary increase.

PRCS is recommending the removal of 11 fees mostly associated with Museum programs due to declining demand.

## **Victoria Lawn Cemetery**

For 2020, the Victoria Lawn Cemetery (VLC) is not proposing the creation of any new fees or the removal of any existing fees. The 1.9% core inflation increase is being applied to all existing fees except for five fees. Fees differing from the core rate of inflation are due to the fees being controlled by the Ministry of Government & Consumer Services.

Based on the information available, existing fee revenue should increase by approximately \$19,631 in 2020.

## **FirstOntario Performing Arts Centre**

For 2020, the FirstOntario Performing Arts Centre (PAC) will not be presenting fee changes to the Budget Standing Committee as part of this report. In July 2018, City Council directed the creation of a Municipal Services Board to promote, develop, and encourage performing arts in the City of St. Catharines. As part of the mandate, the new board will approve future changes to the PAC's rates and fees. In total, 309 fees are being transferred out of the 2020 Schedule of Rates and Fees, which are under the direct control of the PAC Municipal Services Board.

## **Financial Management Services**

For 2020, Financial Management Services (FMS) is proposing the creation of a new convenience fee for pay and display meters which is estimated to generate approximately \$12,600. The fee is designed to recover costs associated with financial processing charges for the new pay and display meters which will be installed in the Downtown area.

The 1.9% core inflation increase is being applied to all existing fees except photocopying and parking related fees. Photocopying fees not controlled by higher authority legislation are currently standardized across the City at \$0.40. For 2020, the proposal is to increase the fee five cents to \$0.45. The increase is approximately equivalent to the rounded accumulated inflation since 2016.

For 2020, there are 16 parking fees which are recommended to increase at a rate that is greater than the core rate of inflation. The report and study outlining the rationale for the increase was presented to City Council at the meeting held on June 25, 2018 ([Report TES-135-2018](#)).

In June 2018, City Council approved a motion that changes to the Schedule of Rates and Fees related to the Downtown Parking Study not be considered until the 2020 Schedule of Rates and Fees.

As part of the 2020 rates and fees, FMS is proposing to increase the hourly and monthly parking fees at a rate that is similar to the IBI recommendations. The hourly meter rate and hourly parking garage rate is proposed to increase \$0.25 from \$1.50 to \$1.75. The increase is approximately equivalent to the accumulated inflation since 2012 when the fee was last increased.

Monthly off-street parking fees and parking garage fees are recommended to increase within a range of zero to 20% to more closely reflect a price to our municipal comparator fees.

Based on the information available, existing FMS fee revenue should increase by approximately \$9,697 and parking fee revenue should increase approximately \$189,000.

## **Legal and Clerks Services**

For 2020, Legal and Clerks Services (LCS) is proposing the creation of four new fees associated with licensing alcohol. The impact of the new fees is expected to generate approximately \$1,790 in additional revenue.

The 1.9% core inflation increase is being applied to all existing fees except for 20 fees. Fees differing from the core rate of inflation include 18 fees which are growing at a rate slower than the core rate of inflation and two fees which are decreasing. Fees growing at a slower rate than the core rate of inflation are mostly associated with freedom of information requests, dog and marriage licencing. The fees growing at a slower rate of inflation are due to Provincial legislation or competition concerns. The two fees which are decreasing are associated with freedom of information searches and disclosure. The fees are controlled by Provincial legislation and are being decreased to the 2017 rate to reflect approved Provincial limit.

Based on the information available, existing fee revenue should increase by approximately \$639.

LCS is recommending the removal of five fees due to a change in adult entertainment enforcement responsibility between the City and the Regional Municipality of Niagara.

## **Planning and Building Services**

For 2020, Planning and Building Services (PBS) is proposing the creation of four new planning fees associated with the early stages of planning and development. The impact of the new fees is expected to generate approximately \$91,709 in additional revenue.

The 1.9% core inflation increase is being applied to all existing fees except for 36 fees. Fees differing from the core rate of inflation include 26 fees which are growing at a rate greater than the core rate of inflation and ten fees which are growing slower than the core rate of inflation. Fees growing at a greater rate than the core rate of inflation are mostly associated with building and construction and increase within a range from three to 11%. Three exceptions include the Septic Tank Change Over fee, which is increasing 74%; Development Agreement for New Lots fee which is increasing 43% and the Change of Use fee which is increasing 32% which are all largely due to the rising costs for construction materials, supplies and labour. All increases are being recommended to more closely reflect a price to our municipal comparator fees. Fees growing at a slower rate than the core rate of inflation are mostly associated with industrial construction. The increases are being recommended to remain competitive within the local market while working toward cost recovery.

Based on the information available the increases to existing fees are expected to generate approximately \$45,326 in additional revenue.

PBS is recommending the removal of four fees because of declining demand.

## Fire and Emergency Management Services

For 2020, Fire and Emergency Management Services (FEMS) is proposing the elimination of the Fireworks Annual Approval - Display Fireworks Application Fee.

The fee is being removed because it had overlapping characteristics with the Display Fireworks Approval fee. By eliminating this fee staff believes there will be greater clarity to users interpreting the fee structure.

The 1.9% core inflation increase is being applied to most existing fees except for the Emergency Gas Line Response 1st hour or part thereof per apparatus fee and Emergency Gas Line Response each additional 1/2 hour per apparatus fee, which is increasing by 2.5% and is controlled by the Ministry of Transportation.

## Economic Development and Tourism Services

For 2020, Economic Development and Tourism Services (EDT) is not proposing the creation of any new fees or the removal of any existing fees. The 1.9% core inflation increase is being applied to the Film Permit Fee.

## Overview

All departments and sections have provided an estimate of the increase in expected revenue for 2020. By adopting all of the fee changes noted above, staff estimate that user fee revenue should generate an additional \$447,479.

**Table 4: Estimated Revenue for 2020**

Category	Amount
Estimated Revenue Increase from Increases to Existing Fees	\$144,512
Estimated Revenue Increase from Parking Meters	\$60,000
Estimated Revenue Increase from Off Street Parking	\$40,000
Estimated Revenue Increase from Parking Garages	\$89,000
Estimated Revenue Increase from New Fees	\$113,967
Total Estimated Revenue Increase	\$447,479

## Relationship to Strategic Plan

Review of rates and fees addresses the Strategic Plan goal, under the economic sustainability pillar, to be an affordable city for young people, families and retired adults.

Specifically, rates and fees has implications for action items:

- Updating financial controls and debt management strategy to better manage escalating costs of City operations and services.
- And assist the City with working to achieve a budgetary tax rate increase at or below the rate of inflation by 2020.

## **Conclusion**

Staff recommends the 2020 Schedule of Rates and Fees be accepted and the Budget Standing Committee approve the proposed fee changes as indicated in Appendix One, Three, Six and Seven.

Implementing the proposed changes to rates and fees in this report would allow for sustaining or improved cost recovery for City programs and services. Many of the fee recommendations in this report are intended to maximize revenue while taking into account changes in demand, cost and the City's goal of realigning our fee structure to be closer to our comparable municipalities.

### Arena Rentals

#### Ice Rental Fees

Ice rental rates are subject to a \$11.30 per hour facility surcharge. (HST included)

Ice rental rates on the Mini Rink are subject to a \$3.40 per hour surcharge. (HST included)

Ice rental prices depend on the rental date and time of the day:

**Prime Time:** Prime times for ice arena rentals are Monday to Friday from 5 p.m. to 11 p.m., weekends from 7 a.m. to 11p.m., and statutory holidays.

All ice arena rentals in July and August are considered Prime Time.

**Non-Prime Time:** Non-prime times for ice arena rentals from September 1 to June 30 are Monday to Friday from midnight to 5 p.m., weekends from midnight to 7 a.m., and daily from 11 p.m. to midnight.

Youth rates only apply to formal youth groups/associations. Adult fees apply to all private rentals.

- Adult and private groups are classified as 20 years of age and older.
- Youth groups are classified as 19 years of age and under.
- Rates become effective April 1, 2020.

### Culvert Installation Greater than 600mm Diameter

Charges for new culverts or extensions greater than 600mm diameter in size will be based on actual cost. The fee will be based on an estimate prepared by the City Engineer, will reflect actual site conditions and must be prepaid. Should the actual cost be greater than the estimate, the property owner shall be invoiced for any additional costs incurred. Should the actual cost be less than the estimate, the property owner will be refunded the difference.

### Sewer Services - Private and Public Property

#### Division Policies

- If the cause and location of a sewer service blockage can be determined through a sewer service video inspection, charges may be adjusted accordingly.
- The property owner is responsible for charges related to building sewer maintenance crossing both private and public property.
- The term "residential" includes buildings which contain a maximum of three (3) residential units and does not include any other uses such as commercial/industrial/institutional or any combination thereof.
- Property owners are subject to one clearing charge per 12 month period for rodding services only. The 12 month policy does not apply if a clean out, satisfactory to the City Engineer, does not exist on the service and an electric snake is used to clear a blockage.

### Building Sewer Clearing and Other Services

The City cannot provide a copy of any video taken of a property owner's sewer service.

Tree roots are charged as one charge per 12 month period for rodding only. The 12 month policy does not apply when clean out does not exist and an electric snake is used.

Charges for clearing blockages on public property (road allowance) will be subsidized up to 100% only if there is a clean out, satisfactory to the City engineer, on the sewer service. Charges for drain clearing will be forgiven only after the property owner installs a clean out, satisfactory to the City engineer, on the sewer service and/or repairs any building sewer obstruction on the private side.

•In the event the actual cost exceeds the above fee the actual cost will be applied.

### Inspection or Tracing of Existing Sewer Lateral on Public Property Excluding Sewer Clearing

•The City cannot provide a copy of any video taken of a property owner's sewer service.

The fee is for one visit and the sewer must be safely accessible and/or exposed at the time the City crew arrives. The sewer must be clear of obstructions or a separate sewer clearing charge may apply.

### Building Sewer Replacement

#### Division Policies

##### Private Property

All work on Private Property to be completed by private contractors.

##### Public Property (Road Allowance)

##### New Building Sewer Connections or Replacements (Storm or Sanitary)

Charges for new building sewers apply to either storm or sanitary service connections, include a connection to the main sewer, the installation of the service from the main sewer to the property line, installation of a clean-out and the associated restoration works and must be pre-paid.

The policy of Council and the charges in this schedule are based on a main sewer being available somewhere within the frontage or flankage of the property. Subject to approval from the City Engineer, other situations may be charged based on actual cost. The fee will be based on an estimate prepared by the City Engineer, will reflect actual site conditions, may include the extension of an existing main sewer and must be pre-paid.

- Charges for new building sewers greater than 150mm diameter in size will be based on actual cost/job specific costing.

- The fee will be based on an estimate prepared by the City Engineer, will reflect actual site conditions, will include the cost of a manhole (where applicable) and must be pre-paid. Should the actual cost be greater than the estimate, the property owner shall be invoiced for any additional costs incurred. Should the actual cost be less than the estimate, the property owner will be refunded the difference.

- Rates are based on open cut installations in material which can be removed by equipment normally used by City Forces for the work. Installations requiring rock excavation, or any form of boring or tunneling will be charged at actual cost.

#### Servicing for Semi-Detached Dwellings Where Service Can Be Installed In Same Trench

A minimum charge of ten (10) metres applies to all servicing where service can be installed in the same trench.
